

The figure is a depth profile plot with depth (meters) on the y-axis (0 to 1800) and depth (meters) on the x-axis (0 to 600). The plot displays various bathymetric features, including a continental shelf, a continental slope, and a deep-sea floor. The plot is color-coded with green, yellow, and orange, and includes contour lines and a red line representing a specific depth profile. A purple oval highlights a specific area of interest.
